\$50 TO START YOUR
OWN BUSINESS, YOUR
OWN WAY.

So... You want to join the fun?

Chances are if you are reading this, you're already familiar with our products or the premier SeneGence product, LipSense. Whether you are looking for a product discount because you've become obsessed and can't justify paying retail or you'll go broke; or you are looking for a way to generate extra income on-the-side; maybe you're looking for a part-time or full-time job that will allow you financial freedom with flexibility; or lastly maybe you already own a business and are shopping around for the latest and greatest to add to your inventory - then you have found your solution with LipSense and SeneGence.

I can't reiterate enough, how this is truly a life changing company. I have friends (people who I am **personally** friends with, not urban legends) who are receiving monthly commission checks of \$20K and more. That is not even including monthly sales profits. This opportunity sounds too good to be true, right? It is not, this is actuality and the opportunity of success is limitless! This is because this is a ground floor opportunity as there are currently less than 20,000 distributors.

This is truly so much fun to sell and super easy! No parties, no minimum, you set your goals, you run the show! The following pages will provide you with some helpful information to get you started or to hopefully answer any questions that you might have if you're interested in becoming a LipSense or SeneGence Distributor. Of course I am always available to answer questions! So read through this booklet and let me hear your thoughts. If you are ready to sign up and jump in head first, sign up info is below.

So... How do I make money?

{ OPTION 1: SALES

This is the first and most obvious answer! Selling Senegence products is just like having your own store, buying at wholesale, and selling for a profit.

1. So how do I get the discount?
- Discount is based off of amount being purchased. Senegence's discount levels are based off of PV, or Point Value. An item's point value is 1/2 of the retail price. (EX. 300 PV would be \$600 in retail product.) So, a tube of LipSense would have a PV of 12.5, and a gloss would have a PV of 10.

PV Breakdown

- 1-99 PV** - 20% off Retail Price
- 100-299 PV** - 30% off Retail Price
- 300-749 PV** - 40% off Retail Price

If you're in your first 90 days, 300+ PV single orders are 50%. (You will need to place at least 300PV order each time to get the 50%. UNLESS you get to 750PV either singularly or cumulatively.

- 750+ PV** - 50% off Retail Price

PV is CUMULATIVE throughout each calendar month. Once you place a 750 PV order singularly, or reach it cumulatively through other orders, EVERY order after that for the month is 50% off, even if it's just one tube of color!

Why pay the same for less? **LOOK-->**

\$600 dollars of retail product for \$362.98, OR \$374 retail product, for \$326?!

Would you rather have a huge profit margin, or a tiny one?

{ \$238 in profit... or \$48? For almost the same price out of pocket..it's a no brainer! ALWAYS take advantage! }

I know what I'd pick! ;)
